FAQS

Who can access the WiFi within my community?

The community WiFi is intended for use by residents and their guests only.

How do I ensure my devices are secure?

You are personally responsible for the security of your own devices.

What if I do not see the wireless network on my devices?

Please contact the support number located in the box on the left, as there could be a number of reasons why you are unable to connect.

Can I access the WiFi network off property?

No, the WiFi available only provides coverage while you are on property. Community WiFi is included in your home and many common areas. Check with the leasing office for details of coverage.
